ERVIN

The World Leader in Blast Cleaning Shot & Grit, Shot Peening, and Advanced Metal Powders.

AMASTEEL STEEL SHOT AND GRIT

AMASTEEL is the highest quality cast steel shot and grit abrasive on the market. Produced from select steel scrap using proprietary manufacturing techniques, AMASTEEL has a perfect microstructure for durability which allows for more efficient, cost-effective blast cleaning.

AMACAST STAINLESS STEEL SHOT

AMACAST is the highest quality stainless steel shot abrasive on the market. AMACAST has a perfect microstructure for durability which allows for more efficient, cost-effective blast cleaning for applications that require exceptional corrosion resistance.

AMAGRIT STAINLESS STEEL GRIT

AMAGRIT is the highest quality stainless steel shot abrasive on the market. AMAGRIT has a perfect microstructure for durability which allows for more efficient, cost-effective blast cleaning for applications that require exceptional corrosion resistance.
